

**BENZOPYRANONE COMPOUNDS, COMPOSITIONS THEREOF
AND METHODS FOR FOR TREATING OR PREVENTING CANCER**

ABSTRACT OF THE DISCLOSURE

5 This invention relates to Benzopyranone Compounds, compositions comprising a Benzopyranone Compound and methods for treating or preventing cancer or inhibiting the growth of a cancer cell or neoplastic cell comprising administering an effective amount of a Benzopyranone Compound. The Benzopyranone Compounds have the formula:

10 or a pharmaceutically acceptable salt thereof, wherein R₁ is halogen, trifluoromethyl or C₁₋₆ alkyl.
